

*Develop an exceptional relationship with your horse.*

Join master horseman and international exhibition rider, Paul Dufresne, in a special clinic that will improve your horsemanship skills from the ground up, to provide you with a foundation for success in any discipline. Learn innovative techniques such as Endotapping and the concepts of relaxed energy to improve your horses' well being, attitude, movement and performance which will positively impact the partnership between you and your horse, promoting a relaxed and willing attitude, confidence in both horse and rider, and the keys to achieving collection, lightness and impulsion.
